

We are seeking to recruit a highly-qualified professional for the role of a consultant

EV Consulting is a management advisory firm that serves companies and industries in Armenia and larger region.

As part of a project team every consultant is engaged in providing comprehensive solutions to problems of high importance at micro as well as macro level, transformative for both businesses and the country's economy.

Consultants have the privilege to work on very diverse areas and tasks, they work on most strategic aspects of organizations, from day one they work directly with business owners and top management and they constantly learn and develop their professional skills.

Main responsibilities:

- Participate in analysis of companies, industries and macroeconomic environments;
- Carry out market and feasibility studies, develop quantitative models;
- Conduct financial analysis of companies, develop financial forecast models, carry out business valuation;
- Help develop corporate strategies, performance measurement and improvement programs, etc.

Candidate profile:

- Educational background in economics or business administration;
- Solid working experience of 2 years;
- Good knowledge of finance management and financial statement analysis
- Excellent writing skills in Armenian, Russian and English;
- Excellent quantitative skills (knowledge of statistical packages is a plus);
- Proven analytical and research skills;
- Ability to travel frequently within and outside of Armenia.

Additional notes:

If you believe you are the professional we are seeking for, we want to hear more about you. Please, forward your resume with a cover letter demonstrating your enthusiasm for the position to info@evconsulting.com. Submission deadline is 21 April 2021. Early applicants will have a priority. No necessity of phone calls.

Please note that only shortlisted candidates will be contacted back.
