

Green Generation

Date: 22/11/2024-01/12/2024

Venue: Georgia, Kobuleti

Description: The project "Green Generation" aim is to foster a sense of social responsibility toward the environment and inspire others to use these critical matters. After all, our well-being is linked to the health of our planet and it is our duty to be its caretakers. The main goal of this project is to foster sustainability awareness among youth, equip them with the necessary competences and motivate them to actively contribute to the development of their communities through sustainable practices. Our planet's future lies in the hands of the youth, it's a call to action for the youth to be the driving force behind positive change and the guardians of our environment.
