

Intercultural Non-Formal Education

Date: 31/10/2022-06/11/2022

Venue: Georgia, Kobuleti

Description: The main objective of this project INTERCULTURAL NON-FORMAL EDUCATION is to share our non-formal education methods among partners in working with children and young people. Through this Training Course project, we want to exchange and refine our skills in non-formal education. Each group leader will share some of its know-how with others group leaders. We will all be teachers and learners at the same time. Each partner will lead a session of the Training Course, which will be organized as a logical progression from our common focus areas. Each organization will send a group leader (2 for France and Georgia) and 2 participants. There is no age limit for trainers or participants, and all profiles are welcome. Another goal of this project is the intercultural exchange between countries that are geographically distant from each other and therefore less often in contact.

Working language: English

Participation fee: 100 Euro
