

ARMENIAN STATE
UNIVERSITY OF
ECONOMICS

Human Change Not Climate Change

Date: 15.09 - 23.09.2021

Place: Yerevan, Armenia

Venue: Armenian State Economic University

Description: The training course will involve 32 participants from 8 different countries (Germany, Italy, Spain, Belgium, Belarus, Georgia, Ukraine and Armenia). The main aim of the training course is to provide participants with new knowledge and competences on climate change. In this regard, some of the specific objectives of the project for participants are: to better understand the threat of climate change for present and future generations; to explore cause & effect of climate change and understanding the influence of human activities; to learn what Intergenerational Justice and Accountability is and how young people of today will still be alive to bear the climate impacts of tomorrow caused by the older generation.

Working language: English

Registration is open until **5th of September**
