

## STAFF TRAINING WEEK

The aim of organizing the Staff Training Week is to promote the exchange of experience that ASUE partner universities have in terms of Erasmus+ projects. This is a great chance to improve competences, linked to professional profiles as well as broaden understanding of practices, policies and systems in mobility programs.

The Staff Training Week will take place on 16-20 April, 2018 in the “Hall of International Programs” of ASUE.

ASUE will host 10 professors and admin staff members from 8 universities. The list of Participants is provided below:
